Psychiatric Mental Health Nurse Practitioner

BlueSky Wellness highly values its clinicians' contribution to the community, and the practice. In addition to exceptional clinical care, part of our mission is to recognize this value in salary, benefits, flexibility, culture, and most importantly - support. In fact, you'll have immediate access to these amazing benefits on day one!

Located in Milford, CT with beautiful beaches and close to everything, BlueSky Wellness has opportunities for experienced Nurse Practitioners who are looking to join a private practice clinical team and serve a primary role in providing outpatient E/M services with BlueSky Wellness serving as a practice home for clients and their families. Our team will provide opportunities for clients to receive a diverse array of services that our practice offers to address various client and family needs. The position is great for someone highly skilled and wanting to make a really great income while blending high independence with support through a clinical team approach.

We are looking for Psychiatric Nurse Practitioners (APRN / NP) to help establish and grow a strong, cohesive, and collaborative team that provides outpatient counseling, psychotherapy, and medication management within our practice.

We are looking for a generalist Nurse Practitioner with expertise in the following:

- Children & Adolescents
- Adults / Co-occurring

Come make BlueSky Wellness your new practice home!

Nurse Practitioners are primarily responsible for provision of outpatient E/M services, including prescribing controlled substances as appropriate, diagnosis using DSM 5 criteria, treatment planning, implementation of evidence based interventions, and appropriate maintenance of all clinical and administrative documentation. Primary responsibilities include:

- Conducting psychiatric evaluations including ordering /performing / interpreting screening and diagnostic procedures and tests.
- Conducting routine follow-up visits for monitoring prescribed medication.
- Conducting emergency consultation, evaluation or follow up visits as needed
- Providing treatment according to accepted standards, protocols and policies.
- Assisting in the management of referred and/or complex problems.
- Documenting assessment findings, treatment recommendations and plan for continuing care in the clinical record.
- Maintaining productivity standards.
- Collaborate with other providers, clinical support staff, administrative staff and community resources in meeting patient and family needs.
- Provide health promotion, education and counseling for patient/families related to medication, diagnosis, health issues and coping strategies.

TYPE OF POSITION:

Part Time to Full Time, Hourly - W2

- Up to 40 hours per week.
- Very reasonable productivity expectations. (We're not trying to burn you out!)

PAY:

- APRN, NP - great base pay!
- Opportunity for SUBSTANTIAL performance bonus for Full Time!

IDEAL CANDIDATE:

- Perfect for mid career seasoned clinicians. (Great place to grow!)
- Must be willing to blend **both** in-office **and** telehealth. (Hybrid work!).
- Possessing strong diagnostic, intervention, crisis, and overall clinical skills. (Our clients deserve it!)
- Experience with telehealth. (This makes it easier, but we train!)
- Skilled professionalism in a very fast paced environment required. (You are a skilled professional!)
- Good judgment, excellent communication / writing skills, and reliability are necessary. (SKILLS!)
- Expertise and skill in comprehensive E/M service delivery.

BENEFITS:

- Credentialing, administrative, and billing support provided. (We've got you covered!)
- A very nice and convenient office setting with office space available. (Join us!)
- Clinical team support. (You are not alone!)
- Generous CEU expense reimbursement. (We want to invest in YOU!)
- Participation in the CT Paid Leave Program. (Just in case!)
- PTO for ALL Employees w/ option to CASH OUT!
- CT Professional license expense reimbursement.
- Health Benefit Stipend for ALL employees. (We want you to be well!)
- Option for participation in company 401k! (You deserve financial security!)

SCHEDULE:

- VERY flexible.

REQUIREMENTS:

- Possession and appropriate maintenance of a valid license in Connecticut as an APRN or NP. Preference for PMHNP Certification.
- **3+ years** of current **post-licensure** E/M experience.

- **Ability to practice independently.**
- Eligibility to be credentialed with 3rd party payers. BIG plus if you already are! (This will significantly shorten your start date!)
- **SERIOUS CANDIDATES ONLY NEED APPLY!**

WORK LOCATION:

- In office and telehealth as long as insurers continue to cover. When insurers stop reimbursing for telehealth, **the job will require fully in-office provision of services.**
